in a handwritten style. This could be to connote the natural and handmade style of the album and the cover.

Album artwork- The main focus of the poster is the image of the artist which is taken from the album artwork. The artwork shows the artist clearly which helps to establish the artist to the audience.

Previous singles- This gives the audience information on what is included on the album. This could appeal to a pre-sold audience of people who liked these songs.

Single artwork- This shows the new single by the artist. This gives the audience an alternative to buying the album or could also show the audience that she also made this song.
